OYKIN LAW UPHELD IN ANDERSON CASE

"Wire Houses" Out of Business as Result of Verdict.

ERSON WAS FINED $1,000.

Will Be Taken to Appellate Court and Other Men Under Indictment Ask Suspension of Trial Pending earing of Appeal.

lanta, Feb. 21.—What was pro-ced by Solicitor Hill in his clos-speech for the prosecution as the t important case ever tried in on county came to a close Tues-afternoon when the jury return-a verdict of guilty against C. N. derson on two charges, that of run-g a bucket shop or violating the ykin law and also of running a ning house

Judge Roan imposed a fine of $1,000 Mr. Anderson and in sentencing stated that he appreciated his po-ion and realized that he could not at him as he would a convicted in an ordinary misdemeanor e. Mr. Anderson had nothing to for himself when called on by judge, but Colonel Anderson, his rney, spoke for him, saying that was a man of good standing in the and had not intended to violate law when he operated his brok-e office.

rther, Judge Roan said that this day hence any person con-ed of violating the Boykin law ld receive greater punishment he had given Mr. Anderson. h means that the court will not the guilty parties the alternative paying a fine, but will sentence to a term of imprisonment.

explaining his statement, the e said that he wanted it under-od that he was referring to viola-s occurring after Feb. 19, when case was finished, and that should one be convicted of a like crime mitted before the verdict was ren-ed they would be dealt with sim-ly to Mr. Anderson.

Shortly after the verdict was ren-ed, Colonel Felder, attorney for defense, announced that the case ould be carried to the court of ap-als.

Thereupon Attorney L. J. Rosser, represents Albert Curran, Hol-d Curran, John Curran and Gus her, asked the court for a contin-ce of the trial of his clients until decision of the higher court was nded down, on the condition that y would suspend their business in meantime.

In answer Judge Roan stated that would hold court open for another and would render judgment on motion later.

Neck Broken; Horse Scared.

Decatur, Ala., Feb. 21.--Near reenbrier, 7 miles east of Decatur, harles Withers, a prominent farm-r, was thrown from his buggy caused y his horse becoming frightened and unning away. Mr. Withers' neck as broken and death resulted almost stantly. The remains were taken o Mooresville, to the home of his rother-in-law, General John H. Pee-les. Mr. Withers was about 45 years f age, and unmarried.

Inquire Why Salary Was Raised.

London, Feb. 21.—Sir Charles Howard Vincent, conservative, has decided to ask the chancellor of the exchequer in the house of commons what grounds there were for sanction-ing the raising of Ambassador Bryce's salary to $50,000.

Given Up For Lost.

North Sydney, N. S., Feb. 21.—Letters received here from Grand anks, N. F. report that schooner illie M., of St. Johns, N. F., and Tubalcain, have been given up as with twelve men on board.

HARVIE JORDAN ON EXCHANGES.

He Says They Are Not Being Fought as Exchanges.

New Orleans, Feb. 21.—Harvie Jordan, president of the Southern Cotton association, made the following statement concerning cotton exchanges.

"First, I want it distinctly understood that we are not fighting cotton exchanges as exchanges, but we are fighting all practices and conditions that are not fair and just to the best interests of our commonwealth. The New York exchange contract comes within the scope of our fight and we are going to keep on fighting that contract until it is changed to natural grade, such as New Orleans and Liverpool employ, uutil we have put an end to the New York exchange.

"There are some phases of the New Orleans exchange that we think may be changed for the better, but the New Orleans exchange has evidenced every desire to meet us half way."

Mr. Jordan said that acting on an invitation of the New Orleans exchange there will probably be a conference here soon to discuss New Orleans futures contract rules in detail to bring defects to light.

"Under existing methods the hedging of forward sales and the selling of futures against actual spot cotton are not only helpful but necessary adjuncts to the cotton business. But the south must get rid of the bucket shops and bucket shop practices."

Mathew Cole Dies at Newnan.

Newnan, Ga., Feb. 21.—Mathew Cole is dead after an illness of only a few days. He was one of the oldest members and founders of the R. D. Cole Manufacturing company, and led a most active life in the operation of that business until a few years ago, when he and his brother, R. D. Cole, passed the active management into the hands of the younger member of the company. Mathew Cole was born in Newton county, Jan. 25, 1823, and moved to Newnan when quite a young man, and with his brother established a business which has grown to the massive proportions that now employ some 600 people, and its annual output is over $600,000.

Southern Roads Must Answer.

Washington, Feb. 21.—Attorney General Bonaparte has directed that suits be instituted against a number of railroad companies to recover penalties for violation of the safety appliance law. Information upon which these prosecutions will be based were reported to the interestate commerce commission by its safty appliance inspectors. Seventy-eight violations in all are alleged, and the railroads made defendants include the Alabama Great Southern; the Atlantic Coast Line, the Central of Georgta, and the Southern railway.

Companies Ordered Out.

Richmond, Va., Feb. 21.—The Lynchburg, Farmville and Charlottesville companies of the Seventieth regiment are under order to report to Lieutenant Colonel Craighill, at Amherst court house to protect Herbert Steptoe and Peter Hudson, the negroes who are charged with assaulting Miss Shelton, and who will be taken to Amherst from Roanoke. The case will go to the grand jury and the trial will probably take place immediately after the accused are indicted.

Is Killed by an Assassin.

Valdosta, Ga., Feb. 21.—L. W. Shaw, of this city, received a telegram staging that R. W. Lanier, his partner in the operation of a naval stores plant, near the colony town of St. George, had been killed. No particulars were given. Another report is that Mr. Lanier was assassinated presumably by unknown parties. Place of business was at a point about three miles from St. George. Mr. Shaw left for the scene to investigate the matter.

Contract for Panama Canal.

Washington, Feb. 21.—President told a number of contractors who are associated with W. J. Oliver in his bid for the construction of the Panama canal that a decision in the matter would be reached before the 1st of March. What will probably be the final conference preliminary to the decision was held with a number of contractors associated with Mr. Oliver Tuesday.

FOR GREATER GEORGIA DAWN IS BREAKING

Result of Plans of Immigration Conference.

MUCH EFFECTIVE WORK DONE.

Feature of the Convention Was the Harmony That Prevailed and the Desire to Adopt Plans That Would Bring Good Results.

Macon, Ga., Feb. 21.—The dawn of a Greater Georgia is at hand.

With the conference of many of the most successful farmers, merchants, mill operators and operatives, laborers, bankers, tradesmen and professional men held here Tuesday the tide of a cosmopolitan as well as a Greater Georgia has set in.

And while these citizens of Georgia were meeting together in the several rooms set aside for the purpose at the Lanier hotel, noted speakers were holding forth at the auditorium in one of the most enthusiastic conventions ever held in the state.

From now on the Georgia Immigration Association must ever be looked upon as a factor inn the welfare and best interests of the state.

The consideration of immigration to Georgia by business men in a business-like way—such was the order of the several programs.

It may be that what was said during the sessions will be forgotten. What was done in the way of actual acomplishments in the matter of putting in force plans for the immediate present as well as the future—these tnings will be remembered always.

In the opinion of careful, calculating, practical business men, the results of the conference and convention mark the turning of the tide, the ebb of which has left Georgia face to face with a scarcity of labor and the contemplation such as has hampered beyond estimate the development of natural resources and great industries in the midst of an era of prosperity unprecedented.

And just as surely, in the opinion of these same cold, calculating business men, on the crest of the turning tide will be borne a new citizenry, such as will practically and effectually solve the most difficult problem of the present and the scarcity of labor.

So much of the best work was accomplished in the quiet conferences of several communities, it may be well to state some of the actual results of this gathering. Among other things plans are now under way—that the best results could be accomplished as follows:

The bringing of Georgia immigrants to Georgia by way of a Georgia port and not by way of New York, New Orleans or the Robin Hood's barn route.

To this end, representatives of some of the largest transatlantic steamship lines present said that they were authorized to state in this connection that providing Georgia secured sufficient business, in place of the big freight ships now playing between Savannah and European ports, steamships equipped for the transportation of both cabin and steerage pasengers would be substituted immediately for the present freighters.

To take advantage of this opportunity, the work of the Georgia Immigration association has been broadened and enlarged. Through competent commissioners keeping well within the letter and the spirit of the immigration laws, those citizens of European countries will be properly and truthfully advised of the present opportunities in Georgia.

As a result of the conferences, it is expected that ships bringing in new homeseekers and settlers for Georgia will arrive in Savannah in about three months. These ships will come from ports of the United Kingdom, Germany and Italy. There will be a regular service established between some German port and Savannah with sailings every three weeks and accommodations for both cabin and steerage passengers. Sailing from ports in the United Kingdom will, to begin with, be intermittent and depend largely upon the freight traffic between Savannah and these ports.

A committee, on which are practical railroad and steamship men, is now engaged on the consideration of the passenger tariffs from interior points in European countries through European ports direct to Savannah. Plans are being perfected for the securing of ship loads of passengers on these tariffs immediately.

While in one room of the hotel one committee is quietly taking up the matter of passenger tariffs from interior points in Europe through European ports to Savannah, other men are arranging the best possible means for their transportation from Savannah to points in Georgia.

In still another room, business men are taking up the financial aspects of this great movement together with ways and means for accomplishing the most possible. Other men are outlining a campaign of education for the proper reception of these newcomers.

The assignment of these new homeseekers and workers is one of the most important questions before the conference. Those having this in charge are practical farmers, mill men, merchants, business men from every section, and these new citizens will be divided about the state in a practical business way with every section getting its just share.

From these and many other reasons, it will be seen that not only are the white workers and settlers coming to Georgia, but every arrangement is being made for taking care of them and offering them good chances in an entirely business way. But more than the preparation for these newcomers was arranged for. The relegating of present inefficient labor, the kind that is a menace to the state, was also looked after.

The shifting, shiftless negro must seek new worlds to loaf in.

Throughout each session the good negro, the working, reliable negro, was assured that the same welcome would always be his as it always has been. At the same time, this conference-convention sounded the knell of the unreliable, worthless, trouble-brewing black man.

Although it may take some time for the irresponsible black man to hear or realize this curfew message, certain it is that his future salvation lies in work and abiding by the law. Following in the wake of proceedings, a practical settlement of the so-called "problem" has been quietly, carefully, but assuredly arranged.

This solution does not consider deportation to Africa or any tampering with constitutional amendments, or the higher education. It simply spells the plow, the shovel and the hoe handle for the negro man, or his being crowded off the face of Georgia by the white worker.

Altogether, arrangements have been completed and plans are now under way as a result of the gathering to first bring the best of the waiting would-be Americans of the old world direct to the Empire State of the South and then give them a fair, square chance to make good in the very best section of the new—the "red old hills of Georgia."

French Merchants Incensed.

Toulon, France, Feb. 21.—The action of the Russian squadron, which is anchored in this harbor in buying provisions from Greek and German houses, has incensed the French merchants, who have placarded the thoroughfare with denunciations with France's allies and forwarded indignant resolutions to Marine Minister Thompson.

Dr. Butler to Wed.

New York, Feb. 21.—Announcement was made Wednesday that Dr. Nicholas Murray Butler, president of Columbia University, is to wed Miss Kate La[illegible] daughter of the late August[illegible]nague, of this city, and Paris. While no date has been set for the wedding, it will in all probability be celebrated soon after Easter.

Woman is Burned to Death.

Red Key, Ind., Feb. 21.—Mrs. Thomas Bagot, of Anderson, was burned to death in a fire which destroyed the home of Mrs. E. B. Connelly, her sister, whom she was visiting. Mrs. Connelly escaped with difficulty. Mrs. Bagot was prominent in social and literary circles.

ON COST OF CANAL NO LIMIT IS PUT

In the Hands of Roosevelt the Matter Is Left.

ROOSEVELT IS NOT RESTRICTED

Under Clause in Sundry Civil Bill, the President Is Given Authority to Make Contracts and Spend Such Sums as Are Necessary.

Washington, Feb. 21.—In the sundry civil appropriation bill, reported to the house the president is authorized to make contracts for the construction of the Panama canal, and he is left absolutely unrestricted as to the amount of money to be expended under such contracts.

The bill provides that "nothing contained in section 5 of the act of June 28, 1902, entitled 'An act to provide for the construction of the canal connecting the waterways of the Atlantic and Pacific oceans,' shall prevent the president from entering into such contract or contracts as may be deemed expedient by him for the completion of the construction of the Panama canal."

This section thus empowers him to make contracts to complete the waterways, whether it costs one hundred and thirty millions or three hundred millions. Congress thus washes its hands of the details of construction and the entire administration is left with the president and the canal commission. No contractor would take the canal work on a restricted appropriation and congress was thus forced to give the president unlimited authority to make contracts or devise some other plan for digging the canal.

The recent conferences between Secretary Taft, members of the canal commission, and the subcommittee of the apropriations committee, is thus given a special significance. Incidentally this will mean an additional bonus for the contractor. If he completes the specified work at a cost below the amount of the apropriation, he will receive an additional percentage. If the total cost of construction is increased, he will receive, since he is performing work on a percentage of the total cost, a much larger amount than originally contemplated.

Mrs. Thaw on Witness Stand.

New York, Feb. 21.—There was a great rush of curious persons anxious to see Evelyn Nesbit Thaw under the ordeal of cross-examination, but only those provided with special credentials were permitted to enter the room. Even under these restrictions, however, every available seat was occupied as court convened. Justice Fitzgerald permits no one to stand. District Attorney Jerome was early in the court room preparing for his day's task. Evelyn Nesbit Thaw was recalled to the stand. That Jerome does not intend to spare Mrs. Thaw's feelings was shown by his close questioning as to her manner of posing for artists. He did not mince words.

Executed In Venezuela.

Chicago, Feb. 21.—General Antonio Pareedes,, who, according to dispatches has been executed in Venezuela for fomenting a revolution, was the divorced husband of Miss Florence Celeste Hutchinson, daughter of the late John Hutchinson, a Chicago lawyer, and for years in the consular service, prior to which time he was governor of Dakota. Miss Hutchinson, to whom the court gave the right to resume her maiden name, was divorced from General Pareedes Feb. 9, on the ground of cruelty.

Shotter Check for $30,424.

Savannah, Ga., Feb. 21.—S. J. Shotter has sent to the United States court a personal check for $30,424, being the amount of the fines, $30,000 and costs, of prosecution in the turpentine trust cases, in which Mr. Shotter and Mr. J. F. C. Myers had plead guilty before Judge Emory Speer. Each was fined $5,000, while with a fine of $5,000 each for four companies, which were also defendants, made the total $30,000.

ANNUAL FIELD DAY AT THE UNIVERSITY

Athletic Exercises Will Take Place on College Campus Today.

FINE PROGRAM ARRANGED

Many Handsome Prizes Generously Donated by Merchants of Gainesville, and a Great Deal of Enthusiasm Being Manifested—Public Invited.

The first annual field-day at the University of Florida will be held this afternoon, beginning at half-past 2 o'clock, on the University campus, and interest is running high among the students.

There will be sixteen events, and a valuable prize, given by generous merchants of the city. The students are very enthusiastic in their determination to capture one or more of these prizes, which are now on exhibition in one of L. C. Smith's large show-windows.

The judges for the contests will be Profs. Cox and Crow, and the starter Mr. Forsythe, physical director of the University.

The public is cordially invited to witness these exercises, which promise to be both exciting and amusing. Let everyone be on hand promptly at 2:30 o'clock, so that all may see the program in its entirety.

The Program.

Following is the program:

ACCIDENT TO MR. MILNER.

Lost Fourth Finger of Right Hand in Working Joint Machine.

While working a machine known as a jointer at the mill of the Eddins Manufacturing Company Wednesday afternoon, Henry Milner, one of the valued employes of the establishment and a well known young man, had the misfortune to get his hand entangled in same, with the result that the fourth, or index finger, of his right hand was severed by the sharp blades.

Mr. Milner was taken to his home, where he is now resting easily, but the injury will naturally prove quite painful to him for a while. Friends sympathize with him in his misfortune.

Sam Saw Snakes.

The fact that Sam F. Brooks, the clever grocer, "saw snakers" upon the occasion of a visit to his farm a short distance from town Tuesday does not necessarily mean that his optical propensities were strengthened by refreshments which usually result in imaginary reptiles.

While superintending some work on his farm, Mr. Brooks came in contact with a large rattlesnake, which showed an inclination to fight. His snakeship was quickly dispatched, however, and measure showed that the reptile was 5½ feet in length, and possessed seven rattles and the customary button.

Cottolene

Shortens your food— Lengthens your life

Cottolene is a cleanly, wholesome product. It is made from cotton seed oil, in a thoroughly modern and hygienic manner, and is just as pure as olive oil. It, moreover, makes palatable, digestible, healthful food which will agree with the most delicate stomach. Lard food on the contrary, is indigestible, and will cause trouble if its use is persisted in.

Cottolene is endorsed by the most prominent cooks and household economists of the country as well as by that portion of the medical profession who have made a study of pure food. There is no substitute for *Cottolene* because there is no shortening so good as *Cottolene*. It stands alone as everyone who has used it according to directions will verify.

COTTOLENE was granted a GRAND PRIZE (highest possible award) over all other cooking fats at the recent Louisiana Purchase Exposition, and food cooked with COTTOLENE another GRAND PRIZE.

"Home Helps" a book of 300 choice recipes, edited by Mrs. Rorer, is yours for a 2 cent stamp, if you address The N. K. Fairbank Company, Chicago.

A NEW FEATURE—The patent air-tight top on this pail is for the purpose of keeping COTTOLENE clean, fresh and wholesome; it also prevents it from absorbing all disagreeable odors of the grocery, such as fish, oil, etc.

Nature's Gift from the Sunny South

THE KANGAROO "SK DOOED."

Evidently Did Not Appreciate Captivity and Made His Escape.

Quite a little excitement was caused at the grounds of the Smith Greater Shows, which is filling a week's carnival engagement here, Thursday afternoon, when it was discovered that one of the large kangaroos had escaped from the trained animal show, and the management of the attraction "got busy" at once in an endeavor to apprehend the animal, which is a very valuable one. It was ascertained that the kangaroo had gone in an easterly direction, but the party who saw the animal, not being well posted on wild animals, gave it plenty of room to pass, not attempting to check its progress. The services of eight bloodhounds belonging to Sheriff Fennell were secured, but to no avail, as the kangaroo got too much the start, and the chase was abandoned. There is no telling how much excitement the animal will cause among our rural friends before it is either killed or captured.

ACTUALLY CURES CATARRH.

J. W. McCollum & Co's Faith in Hyomei is so Strong They Sell it Under Guarantee

It is one thing to claim, another thing to back up the claim by a statement that if it is not proven true, there will be no charge for the service or the goods.

It is in this way that J W. McCollum & Co. sell Hyomei, for they have so much faith in the powers to cure all forms of catarrh and bronchial troubles, that they give an absolute, unqualified guarantee with every outfit that if the remedy does not cure, the money will be refunded.

Hyomei is based on nature's way of curing catarrh. It contains the concentrated healing oils and gums of the pine woods, prepared in such form that they can be brought into your own home. It gives the health advantages of the Adirondacks in such form that you can be cured of catarrh and affections of the nose, throat and lungs while at work or at home.

A complete Hyomei outfit costs but $1, and extra bottles, if needed, may be obtained for 50c.

With Hyomei you can cure catarrh pleasantly and easily at small expense, with no risk of the treatment costing a penny unless it cures.

ALL WOMEN SUFFER

from the same physical disturbances, and the nature of their duties, in many cases, quickly drift them into the horrors of all kinds of female complaints, organic troubles, ulceration, falling and displacements, or perhaps irregularity or suppression causing backache, nervousness, irritability, and sleeplessness.

Women everywhere should remember that the medicine that holds the record for the largest number of actual cures of female ills is

Lydia E. Pinkham's Vegetable Compound

made from simple native roots and herbs. For more than thirty years it has been helping women to be strong, regulating the functions perfectly and overcoming pain. It has also proved itself invaluable in preparing for child birth and the Change of Life.

Mrs. A. M. Hagermann, of Bay Shore, L. I., writes:—Dear Mrs. Pinkham:—"I suffered from a displacement, excessive and painful functions so that I had to lie down or sit still most of the time. Lydia E. Pinkham's Vegetable Compound has made me a well woman so that I am able to attend to my duties. I wish every suffering woman would try Lydia E. Pinkham's Vegetable Compound and see what relief it will give them."

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female illness are invited to write Mrs. Pinkham, at Lynn, Mass. for advice She is the Mrs. Pinkham who has been advising sick women free of charge for more than twenty years, and before that she assisted her mother-in-law Lydia E. Pinkham in advising. Therefore she is especially well qualified to guide sick women back to health.

Does Not Color Hair

Ayer's Hair Vigor, as now made from our new improved formula, does not stain or color the hair even to the slightest degree. Gray hair, white hair, blonde hair is not made a shade darker. But it certainly does stop falling hair. No question about that.

This is an entirely new preparation, just placed on the market.

INCENDIARIES AT ANNISTON.

Prompt Action Prevents Very Destructive Fire at that Place.

Anniston, Ala., Feb. 21.—Only by the timely discovery and prompt action of the family and servants was a destructive fire averted in the stables of Mrs. E. L. Tyler, at the Pines.

Fire was said to have been the work of an incendiary. The fire was discovered in the feed room of the stable, among the feedstuff. This was thrown from the building just in time and the conflagration ended on the arrival of the fire department.

The firemen and others present report strong evidences of the free distribution of kerosene over the feed stuff, and even over the bedding under the horses in their stalls. This fire had been quelled, however, before it had reached the oiled material. The barn contained, besides a large amount of feed-stuff, four standard bred horses, seven vehicles and many other valuables.

Two-Cent Fare Marching On.

Charleston, W. Va., Feb. 21.—The conference committee of the house having agreed to the senate 2-cent rate bill with a limitation exempting lines of 50 miles or less, it is considered certain that the senate measure will become a law.

Lincoln, Neb., Feb. 21.—The senate has passed the bill reducing passenger fares to 2 cents a mile.

Jefferson City, Mo., Feb. 21.—The senate has passed the house 2-cent passenger rate bill.

Even From the Mountains

Ballard's Snow Liniment is praised for the good it does. A sure cure for rheumatism and all pains. Wright W. Loving, Grand Junction, Colo., writes: "I used Ballard's Snow Liniment last winter for rheumatism, and can recommend it as the best liniment on the market. I thought at the time I was taken down with this trouble that it would be a week before I could get about, but on applying your liniment several times during the night, I was about in 48 hours and well in three days." Sold by W. M. Johnson.

Marvellous Cure of Rheumatism by

MINARD'S KING OF PAIN LINIMENT

"Four years ago I was taken with rheumatism. I lost the use of my hands and had to go to the hospital, but did not get any relief. I also had it in my limbs and body and could not walk for six months. I was a patient in the Homeopathic Hospital, the Emergency Hospital, and the New England Hospital, and did not get any relief from any of them. I also went to the Fourth Grade Hospital in New York. Some of Boston's best physicians attended me and still I found no relief. For three years I could not do any work at all, but for the last year, since using Minard's Liniment, I am able to do all my housework. I think that I know the worth of Minard's Liniment better than any person who has ever suffered with rheumatism. Hundreds of people who know of my suffering give Minard's Liniment the praise. I wish that every one knew the worth of this Liniment as I do. Yours truly, Mrs. Emma B. Williams, 62 Sawyer St., Boston."

Large bottles 25c. and 50c. At druggists and general stores.

For free sample bottle write Minard's Liniment M'f'g Co., So. Framingham, Mass.

Woman Suffragists Released.

London, Feb. 21.—A dozen women suffragists were released from prison Wednesday and subsequently were entertained at lunch by their colleagues. Much enthusiasm was aroused by the reading of congratulatory paragraphs from the National Woman's Suffrage association, which closed its convention in Chicago Tuesday, and from the Woman' Suffrage Leagues of New York. The text of Sir Charles Dill's bill to enfranchise woman and remove women's disabilities was issued Wednesday morning. It provides for enfranchising every registered man and woman of full age, and that nobody shall be disqualified by sex or marriage from being elected to either house of parliament or to local bodies, or from exercising any public functions whatever.

Rejoice at Prospects of Peace.

Paris, Feb. 21.—Following the approval by the chamber of deputies on Tuesday night of the government's church and state policy, negotiations between M. De Selves, the prefect of the Sein, and Mgr. Amiette, coadjutator archbishop of Paris, on the subject of the contracts for the lease of the churches, were resumed Wednesday. The newspapers unanimously recognize the completeness of education Minister Briand's triumph, but some of the representation organs, while admitting the necessity of ending the religious controversy, are plainly discontented because it en all negotiations with the ecclesiastical authorities. The moderates and conservatives rejoice at the prospect of religious peace.

Men Past Sixty in Danger.

More than half mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." J. W. McCollum & Co.

Drowned While Dynamiting Fish.

Birmingham, Ala., Feb. 21—A special to the News from Clanton, says that while Tom Jones, a farmer, and his two sons were engaged in dynamiting fish in the Coosa river a charge of the explosive drifted under their boat with the three men in it was blown ten feet into the air. The father and one of the sons were killed outright, and sank beneath the water. The other young man caught a fragment of the boat, but drifted into an eddy and was drowned. None of the bodies were recovered.

Underground Dungeons Abolished.

New York, Feb. 21.—A bill has been introduced in the legislature at Trenton to abolish underground dungeons at the state prison. This is the result of a movement started by Mrs. Florence Maybrick, who visited the prison recently. Mrs. Maybrick declared that New Jersey is the only state in the union which retains this trace of barbarism.

To Hear From Cooper

L. T. COOPER.

¶ We wish to call the attention of the public to a to a series of "short talks" by L. T. Cooper that are to be published in this paper.

¶ The Cooper medicines have made a remarkable record in the leading cities of the United States during the past two years and young Mr. Cooper has been the subject of much newspaper comment.

¶ Mr. Cooper has met and talked with thousands of sick people in his visits to almost every large city in the country.

¶ He is noted as a man of very few words and tells briefly in these articles what his preparations are doing for sick people and why they have been successful wherever introduced.

¶ Mr. Cooper's theory is that one half of all human ills is caused by stomach trouble, and the wonderful success of his preparations in the treatment of stomach disorders, kidney and liver complaints, rheumatism, etc., seems to have proven this claim.

¶ Some time ago we secured the agency for these celebrated medicines. We have been gratified by the extreme satisfaction of those who have purchased them from us and advise every one to read these "short talks" as they are full of terse, common sense.

With Mayor Schmitz of San Francisco roaring upon its shores, it is anything but Pacific.

Ministers are divided as to whether Mr. Rockefeller's gift should be called philanthropy of restitution.

The effort to raise the pay of Government clerks is being heartily seconded by the Washington boarding-house keeper.

Senator Beveridge is getting anxious to fight France. Let him take 'em single handed, beginning with the Count de Castellane.

The birth rate is decreasing in London. We trust that Mr. Roosevelt will take an early occasion to speak to Mr. Bryce about it.

It is said that the Californians trembled when Mr Roosevelt assured them that Schmitz would not be able to repel the Japanese invaders.

Secretary Taft is going to Cuba. He should not risk himself on the terra infirma of that region until the earth settles down a bit after the Jamaican earthquake.

While Mahan and Hobson plan for a navy to dominate the seas, Germany is building one to conquer the air. And one efficient airship would put the great navies out of business.

In a Korean gambling room two players got into a quarrel and one of them brained the other with a pillow. But it is well to remember that the pillow of Korea and Japan is a hard wooden rest for the neck.

The judge in the Thaw case warned the audience that the evidence introduced in the afternoon might be such as to shock the sensibilities of some. Result: Courtroom packed to suffocation in the afternoon. The judge is a good press agent.

Doctors still disagree. There is Dr. Osler, who thinks a man should do nothing after he is forty; and now here is Dr. Wallace—a different sort of doctor to be sure—who thinks no man has sense enough to vote until he is forty. So many doctors, so many prescriptions.

The portrait of Mr. Roosevelt for the temple of peace, at the Hague, is to represent the President standing in a tranquil pose. It should be in greater harmony with his career and reputation, and his own notions as to "peace," to represent him leaning, as the modern Hercules, on the Big Stick, or as a war lord directing a mighty fleet.

Frank Walpole, editor of The Manatee Record, has been appointed treasurer of Manatee county to fill the vacancy caused by the death of J. W. Nettles. Inasmuch as a vacancy had to be filled Manatee county is to be congratulated upon the wisdom displayed by Governor Broward in making the appointment. The editor of The Sun always had a kindly feeling for the Walpoles, from father to son and we are glad to note that Governor Broward has rewarded one of his true friends and ardent supporters in a substantial manner.

CORN NOT NECESSARY.

Up in the Northwest, where the hog first came into his kingdom, corn has gone so high in price that they have to be sparing of it. They raise hogs to maturity on green and soft feeds, vines and vegetables mostly, and only give them a little corn to harden and whiten the fat. In Florida there are the same means of raising hogs as have been forced upon the Westerners by the high price of corn—with this advantage that the hogs can root chufas, artichokes and peanuts out of the ground down here all winter, whereas it is frozen too hard up that way for about four months every season.

It still remains true, as The Times repeatedly has declared, that a marketable hog can be produced in South Florida for about half the money it costs in Illinois or Iowa, and the beast will bring just as much here as there. Every dollar for which a hog is sold for in Florida is half profit or more. Dressed hogs of suitable size for local butchers are selling in Tampa at $8 to $9 per hundred, and there is no easier money on the face of the earth than comes to the man who breeds the hogs that find their way to the Tampa butcher shops.—Tampa Daily Times.

There is no better section in the world in which to raise hogs than Alachua county, but strange to say, the Gainesville market men are now compelled to supply their customers with pork from Chicago. This, however, is due largely to the fact that our farmers are saving their meat for their own use, the cold storage plants located at different points in the county affording them a cheap and safe method of curing their pork. The home cured ham is far superior to the Western article, and there is a ready market for every pound brought here. Raise more hogs.

PANAMA CANAL.

After a great deal of jockeying for position William J. Oliver, Jr., of Knoxville, Tennessee, has filed his revised bid to construct the Panama canal for 6.75 per cent of the cost of construction. As the government is to furnish the necessary machinery and supplies and pay all the bills, this peculiar contract would seem to be for bossing and supervising the work. If the canal only costs $200,000,000, and it is quite likely to cost double that amount, the profit to the contractors will be at least $13,500,000. Uncle Sam certainly does things on a huge scale, and the patient taxpayers of today may have to hand down the burden to his children before the canal is completed. As it has taken the Administration, after all its boasting, about three years to decide it was unable to do the work, it is now to be hoped that at last "the dirt will fly," although there still appears to be a hitch in the refusal of Chief Engineer Stevens to continue in charge, if the canal is to be built by contract.

The man who handles the local department of a newspaper learns after due experience not to expect even briefly expressed thanks from a column of pleasant things, but he knoweth as surely as cometh the winter that a single line in which there is an unintentional misrepresentation will cause some one to be heard from as if from a house top. And we may add that when he has made pleasant mention 999 times of some person, place or thing, but on the thousandth time fails to do so, he must not expect to be forgotten. The omission may have been from accident, inadvertance or even an entire lack of knowledge. It matters not. The simple fact remains and he will be judged by that.

"Building materials are still going up," says the trade journal. Well, there's one consolation—so are the buildings.

Catarrh Cannot be Cured

with local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials free.

Take Hall's Family Pills for constipation.

There are some things that must be done in a hurry, or not at all. Catching a flea is one of the best examples apropos to this. But as a rule, it is safe to say the man or woman who works deliberately accomplishes the most. The deliberate worker is the thoughtful worker, with whom the habit of system has become second nature. Anyone may cultivate it who will take the trouble to try, and the most unsystematic, spasmodic worker will realize with amazement how easy it is to get through with an allotted task in half the time it formerly required, by planning it all out before entering the office, workshop or kitchen.

WEIGHT OF PLANETS.

It Is the Mass of the Body That Counts With the Astronomer.

If a ham weighing thirty pounds were taken up to the moon and weighed there, the "pull"—the attractive force of the moon upon the ham—would amount to only five pounds. There would be another weight of the ham for the planet Mars and yet another on the sun. A ham weighing thirty pounds at New York ought to weigh some 800 pounds on the sun's surface; hence the astronomer does not speak of the weight of a planet, because that would depend upon the place where it was weighed. But he speaks of the mass of the planet, which means how much planet there is, no matter where it might be weighed.

At the same time we might, without any inexactness, agree that the weight of a heavenly body should be fixed by the weight it would have in New York. As we could not imagine a planet in New York, because it may be larger than the earth itself, what we are to imagine is this: Suppose the planet could be divided into a million million million equal parts and one of these parts brought to New York and weighed. We could easily find its weight in pounds or tons. Then multiply this by a million million million, and we shall have a weight of the planet. This would be equivalent to what astronomers might take as the mass of the planet.—Current Literature.

COUNTY JUDGE'S COURT.

Two Cases Have Come for Hearing Before That Tribunal.

Two cases have been brought before Judge Mason's court within the past two days, one being settled, the other the defendants giving bond for their appearance before the circuit court.

On Thursday the case of M. Forman vs. Philip Clark, replevin for the recovery of a mare valued at $100, was heard, the evidence and argument being submitted to a jury composed of E. Baird, M. B. Saunders, J. C. Baukright, S. F Brooks, W. P. Carter and T. S. Dorsey.

The ground for replevin was that the wife of the complainant had disposed of the mare without the consent of her husband.

After hearing the evidence and argument of counsel, Attorney J. M. Rivers for complainant and Attorney W. S. Broome for defendant, the jury returned a verdict for the defendant.

J. R. Smith, Ira J. Smith, Rosborough Smith ann F. P. Tompkins, all of Trenton, were arraigned upon a charge of destroying a fence belonging to W. J. Williams, the complainant. The defendants waived examination and gave bond of $600 for their appearance at the next term of the circuit court.

Attorney J. M. Rivers represented the complainant, while Judge Pinnell of Bronson appeared for the defendants.

Died from Burns.

Huntsville, Ala., Feb. 21.—Bessie Dunn, the 10 year-old daughter of Mr. and Mrs. S. E. Dunn, of Merrimack, died from the effects of burns received on Saturday evening. He says: "After taking less than three bottles of Electric Bitters, I feel like one rising from the grave. My trouble is Bright's disease, in the Diabetes stage. I fully believe Electric Bitters will cure me permanently, for it has already stopped the liver and bladder complications which have troubled me for years." Guaranteed at all druggists'. Price only 50c.

Justice Receives Threatening Letter.

New York, Feb. 21.—Justice Fitzgerald, who is presiding at the Thaw trial received a threatening leter on Tuesday. It was sent from St. Louis and accused the judge of siding with Jerome against Thaw. The writer threatened to kill Justice Fitzgerald and District Attorney Jerome if Thaw is convicted.

Merchant Kills a Negro.

Decatur, Ala., Feb. 21.—At Bellamina, 5 miles east of Decatur, John Witt, a merchant of that place, shot dead a negro named Charles Brown. The negro disputed an account and used insulting language and demanded a "receipt in full." Mr. Witt replied: "I'll give you a receipt in full," and drew his revolver and fired.

BABY WASTED TO MERE SKELETON

In Torments a Year and a Half with Terrible Sores on Face and Body —Hands Tied to Stop Scratching and Tearing at Flesh — But

CURE BY CUTICURA COMPLETE AND SPEEDY

"My little son, when about a year and a half old began to have sores come out on his face. I had a physician treat him, but the sores grew worse. Then they began to come on his arms, then on other parts of his body, and then one came on his chest, worse than the others. Then I called another physician. Still he grew worse. At the end of about a year and a half of suffering he grew so bad I had to tie his hands in cloths at night to keep him from scratching the sores and tearing the flesh. He got to be a mere skeleton, and was hardly able to walk. My aunt advised me to try Cuticura Soap and Ointment. So great was her faith in it that she gave me a small piece of Cuticura Soap to try and a little Cuticura Ointment. I took it home without any faith, but to please her I tried it, and it seemed to dry up the sores a little. I sent to the drug store and got a cake of Cuticura Soap and a box of Cuticura Ointment and followed the directions, and at the end of about two months the sores were all well. He has never had any sores of any kind since. He is now strong and healthy, and I can sincerely say that only for your most wonderful remedies my precious child would have died from those terrible sores. I used only one cake of Soap and about three boxes of Ointment. Mrs. Egbert Sheldon, R. F. D., No. 1, Woodville, Conn., April 22, 1905."

ITCHING PIMPLES

Cured by Cuticura in Nebraska.

"I had suffered with itching pimples for years. At last a friend told me to get Cuticura Soap and Ointment. I did so and in three weeks my face was entirely cured. I am so pleased with Cuticura Remedies that I will recommend them to other sufferers. Mrs. Florence Delavergne, R. F. D. No. 2, Auburn, Neb., Aug. 28, 1906."

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults consists of Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Resolvent (50c.), or in the form of Chocolate Coated Pills, 25c. per vial of 60) to Purify the Blood. Condemn Governor Swettenham.

Kingston, Jamaica, Feb. 21.—At a mass meeting of citizens held Monday night, they condemned Governor Swettenham for preventing monetary assistance coming here. The meeting adopted a petition to parliament for a grant of $750,000, and a loan of $5,000,000 to assist in the rebuilding of the stricken city. Plans are now on foot for rebuilding a vastly improved Kingston. All the principal thoroughfares in the commercial section will be widened while in the Port Royal street, that nearest the harbor front, will be abolished.

A Stitch in Time

Will save nine. So will a bottle of Ballard's Horehound Syrup always kept on hand save many a spell of sickness. A sure cure for coughs, colds, bronchitis and whooping coughs. Do not fail to take advantage of the tempting offers made by the N. K. Fairbank Co. of Chicago, through their young assistant salesman, "Sunny Monday" Payne, who is helping our merchants place in the hands of the public the famous Sunny Monday Soap. Mr. Payne contemplates visiting every home in the city, thus giving all a chance to procure of their own grocer an assortment of the Fairbank Company's soaps at a bargain.

Attention is called to the advertisement of E. H. Martin, practical cabinet-maker and repairer of furniture, which appears elsewhere in this issue. He is a graduate of the cabinet making and furniture department of Hampton (Va.) Institute, and is thoroughly competent in every way. He makes a specialty of roll-top desks and office furniture, which he makes to order at factory prices. Specimens of his workmanship may be seen by visiting his shop on East Main street S., opposite the postoffie.

THE CITY COUNCIL.

Held Brief Meeting Thursday Afternoon, Adjourning to Regular Session.

In compliance with the adjournment of Tuesday, the City Council convened at 3 o'clock Thursday afternoon, there being present Chairman Broome and Aldermen Bunch, Benson, Taylor, and Clerk Dell.

There were also present a few interested citizens, who, by motion of Alderman Taylor, were extended the privilege of the floor.

J. H. Vannetta, a citizen of the North Gainesville section of the city, addressed the council in regard to the ordinance on the roaming of cattle at large upon the streets, and providing a penalty for same. Mr. Vannetta stated that the provisions of this ordinance worked a hardship upon the people of North Gainesville and other suburban sections, and requested that the council so amend the ordinance as to fix a boundary line or limit. No action was taken in the matter, however, and upon motion of Alderman Benson the council adjourned until the next regular meeting.

Mrs. F. T. McCormick has returned from the North, where she has visited the principal millinery displays in the cities of Baltimore, Norfolk, Va., and Savannah. Through a friend of Mrs. McCormick, who annually visits Paris, she has been enabled to secure the latest Parisian designs. These goods, if received through jobbers, would be over twelve months in reaching Gainesville. This year the ladies will have the advantage in securing the most up-to-date line of millinery ever seen in this section of the State.

The clever emotional actress, Miss Dorrit Ashton, is seen in every scene in "East Lynne," which from strength of conception and finesse in execution is rarely paralleled in the realms of realism. At times the work is so intense and real that the beholder forgets he is gazing on a scene from the mimic world, and for the time, believe that a tragedy in real life is being exacted before his eyes. This is only one of the many splendid situations the play affords, and withal it is clothed in language of exceptional brilliancy and the play is of wholesome interest. The play promises to repeat here the success it has met with everywhere this season. It will be presented at the opera house Monday evening, February 25.

THURSDAY'S WORK AT THE TABERNACLE

Four Interesting Services Were Held During the Day.

DR. CRITTENTON PREACHED

The Eminent Millionaire Lay Evangelist, Who Has Accomplished so Much by His Money and Influence, Appeared for First Time—Geo. Stuart.

Thursday's services at the Bible Conference were attended by the usual large congregations, each of the four services being well patronized.

The morning exercises were opened by Prof. Brown at 9:45, who delivered another of his series of Bible lessons. So simple and impressive does Prof. Brown endeavor to make these lessons that everyone in the congregation can thoroughly comprehend them.

At 11 o'clock Prof. Miller delivered an eloquent Bible lecture, which was said by those who heard him to have been equal to any he has given during his engagement here. Prof. Miller is making many friends among the patrons of the Conference, as he has accomplished much good work.

For the first time the people of Gainesville had the opportunity to hear the millionaire lay evanelist, Chas. F. Crittenton, at 3 o'clock in the afternoon. Mr. Crittenton impressed his congregation at the beginning, and held their closest attention during the entire sermon. He is a fluent and earnest speaker, as well as a pleasing one, and it may be said here that he is going to be a favorite during his stay among us. Mr. Crittenton has spent largely of his great wealth in an effort to rescue fallen women and girls, having established homes for their protection throughout the country.

Rev. Geo. R. Stuart delivered the last of a series of three sermons in the evening, his theme being "Heaven." In his usual original and impressive manner, he held the earnest attention of the large congregation.

There will be four services as usual today. Prof. Brown will give his Bible lecture at 10 a. m., Prof. Miller will preach at 11, Mr. Crittenton will again address the congregation at 3 o'clock, and Dr. Stuart will conclude the day's services with a sermon, the theme of which will be "Sowing and Reaping."

Returned From Panama.

Mr. and Mrs. Earnest Harrod and son have returned from Panama, Central America, where they have been for the past twenty-two months, and will remain here for a week or ten days as guests of Mr. Harrod's parents.

Mr. Harrod, who holds a responsible position as carpenters' foreman for the Isthmian Canal Commission, is on a three-months' leave of absence. He is well pleased with that section of the country, and the appearance of himself and family indicates that they are enjoying fine health there. Gainesville friends are glad to welcome them again.
